**Re:** Disposal of Surplus Equipment

---

The Munster Town Hall has a 20+ year old standard sized refrigerator in the kitchen/lounge area that is no longer serving its purpose and has no value. We are recommending disposing of the appliance.

GE Almond-colored 20.6 CU Ft. refrigerator, MODEL # TBX21DA

**RECOMMENDED ACTION:**

By motion and roll call vote, approve the disposal of surplus equipment from the Clerk-Treasurer's office.
