Re: replacement golf car purchase

We call for the replacement of the current fleet of golf cars in 2025 through the current vehicle and equipment list. This item was included and budgeted for \$300,000 in the 2024 G.O. bond issue from the Town.

Attached is a proposal, dated November 12, 2024, from Golf Cars Plus, as a local dealer of Yamaha Golf-Car Company through the BuyBoard contract #706-23. The BuyBoard contract meets the requirements for bidding out this purchase which also allows us to leverage our purchasing power with many other governmental agencies to get the best pricing.

The purchase price of \$271,640.00 includes supplying of the units, a trade-in credit for the existing fleet of golf cars, and certain maintenance service on the new units through November 2029.

Recommendation:

Staff recommends approving of the attached fleet proposal from Golf Cars Plus c/o Yamaha Golf-Car Company's BuyBoard contract #706-23 for the purchase of 40 new golf cars and trading in of the current fleet of golf cars with the stipulations included in the attached proposal.
